

Discoaster anconitanus CATI & BORSETTI, 1972

Description:

(See *Discoaster stradneri* CATI & BORSETTI, 1970).

Remarks:

Prof. A. Farinacci of University of Roma kindly drew our attention to the fact that *Discoaster stradneri* CATI & BORSETTI, 1970 was preoccupied by *Discoaster stradneri* MARTINI, 1961 (Senck. Lethaea, Bd. 42, n° 1/2, p. 10, t. 2, f. 22; t. 5, f. 52, Frankfurt a. M.). The following new name is, therefore, proposed for our species: *Discoaster anconitanus* nom. nov. for *Discoaster stradneri* CATI & BORSETTI, 1970 (Giorn. Geol., ser. 2, XXXVI (1968), p. 629, t. LXXXI, ff. 2-4, Bologna).
