

COBRICOSPHAERIDIUM? giganteum

Mc Minn 1991

Mc Minn 1991 p. 240 pl. 4, figs. 1-12 (holotype 7-f, 10-11)

acritarch according to Mc Minn

Viable microfossils collected from surface sediments of  
Tuggerah Lake, N.S.W. Australia germinated as the  
nauplius stage of a copepod rather than a dinoflagellate species  
- Mc Minn et al. 1992 p. 315-316
